

Counting money and finding the most

What are you currently learning?
What do you find tricky?

1. Current Learning

2. Vocabulary

Have you learned any new maths words?

Are words displayed?

Addition subtraction divide times
multiply greater than

Ask the teacher or a partner, use a number-line, base ten and get it if we need it

6. Apparatus

We do fluency.

5. Past Learning

How does the teacher help you to remember past learning?

When we do maths stories. We have to think about the words.

7. Challenge

When do you feel challenged maths?

What do you do if you are stuck?
Are there things that help you?

3. What do you do ?

What do you do in your maths lesson? Are there different activities?

We do numbots if we have time
We do daily ten.

4. Times Table

Counting in 2s 5s and 10s

Harry knows 10s
Lucia knows 2 x

Which times table are you learning?
How often do you practise?
