Section 1 – Introduction

1. Vision of Larkspur Community Primary School

In order to achieve our vision Larkspur Community Primary School will:

- Maintain a high standard of teaching and learning as a basis for high achievement.
- Set achievable targets for pupils and provide relevant personalised learning.
- Provide a high quality environment in which pupils learn and develop successfully.
- Value the experience and expertise that the wider community offers us to enhance pupil's learning and raise aspirations.
- Maintain high standards of behaviour and discipline.
- Provide a healthy and safe working environment.
- Nurture social, cultural and moral awareness.
- Encourage links with parent and the community.

2. Purpose of Disposal Schedule

This disposal schedule identifies the disposal arrangements for all records created by Larkspur Community Primary School. Any records in C2K MIS System (SIMS) are being managed by C2K SIMS. Minimum retention periods for these records in SIMS are being adhered to. It is not necessary for schools to delete specific items of data from the SIMS system at this time.

3. Categories of Disposal

- Destruction
- Review
- Permanent preservation

Section 2 – Operation of this Disposal of Records Schedule

1. Close

Manual records should be closed as soon as they have ceased to be of active use other than for reference purposes. When a file is due to be closed the appropriate member of staff should consult the disposal schedule and mark the front cover of the file, indicating the date on which the file can be destroyed, or whether it should be subject to the normal review procedures. Closing a file simply means that no further papers can be added but the file can be used for reference.

2. Minimum Retention Period

The minimum retention period required for each type of record is calculated from the point the file/record is closed.

3. Destroy

Where the disposal action is 'Destroy' the records should be kept for the period stated and then destroyed by the school in accordance with the directions on recycling and shredding. A record must be maintained of the files that have been destroyed.

4. Review

Where the disposal action is 'Normal Review' the file will be subject to the normal review processes. The First Review of the file takes place 5 years from the date of the last paper on the file and should not be later than 10 years from the opening of the file. Records of long-term administrative use need not be brought forward for the First Review. This will be initiated by an appropriate official at the discretion of the school. The review procedures are as follows: -

- (a) A member of staff should carry out a first review of each file based solely on its administrative value.
- (b) The reviewing officer should keep a record of files that he/she wishes to keep for administrative purposes. This first review monitoring procedure will help to ensure that all types of files or file series have been covered in the disposal schedule or, if such files have been created since the disposal schedule was established, they can be added to a revised schedule.

5. Permanent Preservation

Where the disposal action is Permanent Preservation the records are exempt from the normal review procedures. In some cases the Public Record Office will seek transfer of files that are marked for permanent preservation.

6. Commitment to preserving files/records

Larkspur Community Primary School declares that it will take measures to ensure that the records it creates will be physically well maintained and cared for while they are in its custody (i.e. until either destroyed or retained for permanent preservation).

7. Roles and Responsibilities

The Head Teacher is responsible for ensuring that records and information systems in their areas conform to this policy and to the requirements of legislation. **All members of staff** are responsible for documenting their actions and decisions in the records and for maintaining the records in accordance with good records management practice.

The role of the **appointed member of staff** is to ensure compliance with Records Management standards within their area of responsibility, and to co-ordinate activities aimed at ensuring that information is recorded, stored, managed and disposed of both effectively and legally.

Records Management Policy

The School recognises that the efficient management of its records is necessary to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

1 Scope of the policy

This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.

- 1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- 1.3 A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research.

2 Responsibilities

- 2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Head of the School.
- 2.2 The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and timely.

- 2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

3 This policy has been drawn up within the context of:

- The Freedom of Information Act 2000
- The Data Protection Act 2018

and other legislation or regulations (including audit, equal opportunities and ethics) affecting the school.
