

Computing in Year 1

Year one children look forward to their weekly computer session. They love to explore the different apps in Purple Mash and the Larkspur website.

How to keep safe on the computer

Always tell a trusted adult if you see anything horrible on the computer.

There are a lot of computers in the ICT suite, we learn lots of things on the computers.

What we have learned.

Vocabulary I have learned.

Bee bots, direction, Firewall, safety, log on, backgrounds, pictogram, trusted adult.

We made pictograms on the computer, we rolled a dice and counted how many times the number came up.

I can add a background onto my work.

I can log onto the computer with my full name, and enter my password.

I can direct a Bee Bot around a maze by pressing the direction buttons.
